Speaker: Virginia House GOP Leader Terry Kilgore

“The Supreme Court of Virginia declined to block Democrats’ illegal and unconstitutional gerrymandering amendment from appearing on the April ballot. Declining to halt this blatant power grab, the Court has chosen to punt, allowing the referendum to proceed and leaving it to the voters to decide.

Now, all of our attention must immediately turn to the existential battle before us.” Jeff Ryer, Chair of the Republican Party of Virginia.

“The Last Bastion of Freedom”

Richard Wurmbrand (1909 -2001), a Romanian evangelical Christian minister and author who spent a total of 14 years imprisoned in Romania for his faith, was also the founder of the Voice of the Martyrs, an international organization working with and for persecuted Christians around the world. In 1967, he expressed this view of America.

“Every freedom-loving man has two fatherlands: his own and America. Today, America is the hope of every enslaved man because it is the last bastion of freedom in the world. Only America has the power and spiritual resources to stand as a barrier between militant Communism and the people of the world.

It is the last "dike" holding back the rampaging floodwaters of militant Communism. If it crumples, there is no other dike, no other dam; no other line of defense to fall back upon.

America is the last hope of millions of enslaved peoples. They look to it as their second fatherland. In it lies their hopes and prayers.

I have seen fellow-prisoners in Communist prisons beaten, tortured, with 50 pounds of chains on their legs, praying for America....that the dike will not crumble; that it will remain free.”

This passage was in my Patriots Bible. If you have friends from other countries, you know how powerful a mantle we have to preserve our God given Freedoms.

Virginia and Chesterfield played a huge part in our nation's fight for Freedom 250 years ago. We'll do it again, Chesterfield, Let's Save Virginia!

FLIGHT or FIGHT?

VIRGINIANS are coming together and FIGHTING back!

Virginia General Assembly

The Bills flying through the Virginia General Assembly are beyond scary! **Our Elected Delegates and State Senators are Making Noise!** They are doing their best to SLOW the Roll, not only in the General Assembly. They are also Shouting it Out, with Emails, Newsletters, meeting with their constituents, Blasting it on Social Media, and Yes even TV! I have seen our own Senator Sturtevant on the Nightly News sharing the content of these horrible Bills!

Republican Party of Virginia

The Republican Party of Virginia has a new Chair! Jeff Ryer, our former Congressional District One Chair, and yes, the guy who drives an hour to attend almost all our CCRC meetings for the last two years! We are excited to have new Leadership, and he is hitting the ground running! We had a statewide conference call on Friday night. **Here is how you can Fight Back!**

2. **Relational Text messaging is effective!** Download the app and using your phone text your friends! [App Page](#)

"Vote No Text for Referendum" is loaded and ready to send on **SwipeRed**. For those unfamiliar, SwipeRed is a simple tool that lets you send a prepared message to Republican leaning friends and family already saved in your phone. Instead of a campaign texting strangers from a random number, you are personally reaching out to people who know you. **Because the message comes from someone they trust, they are far more likely to read it, take it seriously, and act on it.**

I would like to see our full committee participate and share this with trusted friends and family. We do not have unlimited funds for paid voter contact. This is a free and highly effective way to reach voters through relationships that already exist.

To be clear, neither RPV nor SwipeRed can see, access, or store your uploaded contacts. We do not see names or phone numbers. The only thing visible on our end is how many texts were sent.

Thank you for your leadership and engagement. Orlando with RPV
