

Information and Education Session

3 Proposed VA Constitution Amendments for the Fall Election

July 27th | 6:00 PM

Location: Great American Ranch - Come Early To Order Food!

Political Invasion into our homes, family and children

1. Parental Rights are gone for any abortion, sex change, hormone treatment, etc.. In fact parents could face criminal charges; however, anyone facilitating the above is protected.
2. Medical Safeguards are Gone! Anyone can perform an abortion (I can and so can you!); back-alley is back?
3. We will become a destination state for sex traffickers.
4. *Save our Pastors! There are NO exceptions for marriage to every individual, meaning many churches will go under while lawsuits go through the court system.

★ **Special Training Presented By: Jon Benson (CCRC Faith Outreach Chair)** ★

Training Session:

1. How to talk to someone about the amendments
2. Set an appointment with a leader of an organization or pastor
3. Presentation of the message so they can understand
4. Activate people to spread the word to their spheres of influence.

No regular business meeting in July. Invite your friends, neighbors, and co-workers! Plenty of time for questions. We will start at 6:00 PM. Please come early to order food and support the Great American Ranch. Hoping to conclude at our usual time of 8:00 PM.
